Overall:

Dennis Schröter:

A very frustrating day! After a decent start into race 1 I had a good rhythm and started to pass riders. Trying to overtake Mocka we tangled, my rear brake hose ripped off and that was it. In race 2 I stalled my engine over a small but fast brake jump and ended big time. I hit my shoulder pretty hard and couldn't carry on. Now have to focus ahead and get my shoulder back in shape before Prisannewitz next weekend.
