#### Dennis Schröter:

*We came here trying to prove that I could race at a competitive pace throughout the complete distance, which worked out fine. I have to improve my race-speed still but I have good starts and I'm feeling strong. I'm only disappointed with the last three laps of race 3, as I lost concentration a bit and made some stupid mistakes that cost me 2 positions.*

#### Lars Oldekamp:

*Right after the race I was angry, because I had hoped to be closer to the top guys but now looking at the overall I have to admit that 6<sup>th</sup> isn't too bad either. I almost had the holeshot in race 2 and stayed in the top five for most of the race, but then something broke in my frontforks, so I had to reduce my speed a bit and only finished 7<sup>th</sup>.*
