Dennis Schröter:

I felt really good on Saturday and qualified 2nd fastest without even trying too hard. I'm physically fit so I was really looking forward to Sunday. In race 1 I had a decent start but broke a couple of spokes in my front - wheel and had to pull out. In race 2 I nearly crashed at the start and was way back but managed to work myself back into the top 20 within the first lap. But then suddenly it felt like someone had pulled the plug and I completely lost my drive. I wish I could explain what happened but unfortunately I can't.

Lars Oldekamp:

Finally I am riding without pain again! I really felt strong this weekend and even though I had a miserable start and 2 small crashes in the second heat I was always in control. I made up another 5 points on my competition and now I'm really looking forward to the next round of the series in the deep sand of Tensfeld.

Michael Kaussen:

I'm getting there step by step. I qualified easily and worked my way up well into the points in heat one. I heat two my start was bad and my race ended in 21st position but I've been riding well and consistent all weekend long so I'm happy.
